Hadron structure from LQCD: Hadron structure from LQCD (10:20 - 12:00)

-Conveners: Hongxi Xing

time	[id]	title	presenter
10:20	[47]	Lightcone Distribution Amplitudes and Interplay with LQCD	HUA, Jun
10:40	[48]	Transversity PDF from LQCD	XIONG, Xiaonu
11:00	[49]	Spin decomposition in Charmonium	HE, Fangcheng
11:20	[80]	Connecting Euclidean to lightcone correlations: From forward to non-forward kinematics	YAO, Fei
11:40	[82]	Nonperturbative determination of the Collins-Soper kernel from quasitransverse-momentum-dependent wave functions	CHU, Minhuan
