

IHEP ROC Status Report

Ye Chen *for CMS Collaboration*

Institute of High Energy Physics, Chinese Academy of Sciences

Shanghai, 19/11/2023

Outline

Introduction

Reactivating IHEP ROC

Person-powers and Facilities

Outlook

CMS Central Shift at CERN

– photo from CMS CERN news public website. Credit: CERN, Ordan, Julien.

- Oversee CMS operations: Run Field Manager.
- Core operation team: Shift Leader, Trigger Shifter, DAQ Shifter, DQM Shifter and Technical Shifter.
- Detector Experts on Call.

IHEP ROC History

IHEP ROC

- IHEP ROC being established at IHEP in 2009.
- Joint local efforts from CMS IHEP group and Computing Center.
- Inactive for several years after LS1.

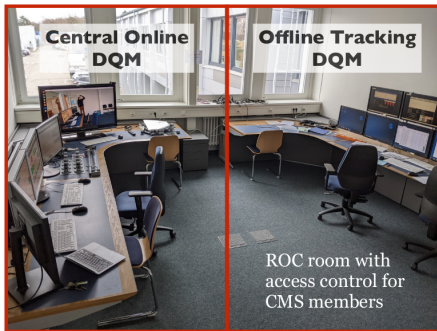

IHEP, Beijing, 2009

Reactivating IHEP ROC in Consideration.

CMS ROC Status

DESY ROC

- Two shifts workspaces

FNAL ROC

- Eight shifts workspaces

– photos from CMS ROC managers

CMS recently re-setup the ROC qualification procedure.

Outline

Introduction

Reactivating IHEP ROC

Person-powers and Facilities

Outlook

Necessity

- Central shifts are essential for the well-being of CMS experiment.
- Geographic limit sometime constraining CMS collaborators from answering Point 5's call for shifters.
- Funding, cross continents transportation, *et cetera* make operation at a ROC be an acceptable option for many collaborators.
- Will an active IHEP ROC be welcomed also by CMS management?
- Will an active IHEP ROC be helpful for CMS China community?

Timelines

- September 2022, remote trigger shift at IHEP ROC.
 - March 2023, IHEP ROC room refitted.
 - April 2023, CMS management being in contact.
 - May 2023, chat with IHEP Computing Center.
 - May 2023, chat with CMS management (EO).
 - June 2023, purchasing new IT facilitates.
 - July 2023, chat with CMS ROC managers.
 - July 2023, New shifters at IHEP ROC.
 - August 2023, ROC qualification list checked.
 - September 2023, IHEP ROC status report to CMS management.
-
- December 2023, requesting meeting with CMS EO office for ROC qualification. Facilities upgrade.
 - January 2024, be prepared for 2024 data taken year.

Requirements and Qualification Procedure

- A well-defined location enabling shifts to take place quietly, safely and without interruptions.
- A dedicated person must be assigned who is responsible for the local remote shift operation from the ROC.
- An overall amount of ≥ 50 shifts must be carried out per ROC, per year during a typical physics data taking year.
- ...

Outlook

Person-powers

IHEP local contact person

Ye Chen

Computing support

Xuantong Zhang (Computing Center, IHEP)

New Shifters from

- Beihang University.
- Nanjing Normal University.
- Tsinghua University.
- ...

Around 30 trigger shifts being taken at IHEP ROC in 2023.

Facilitates

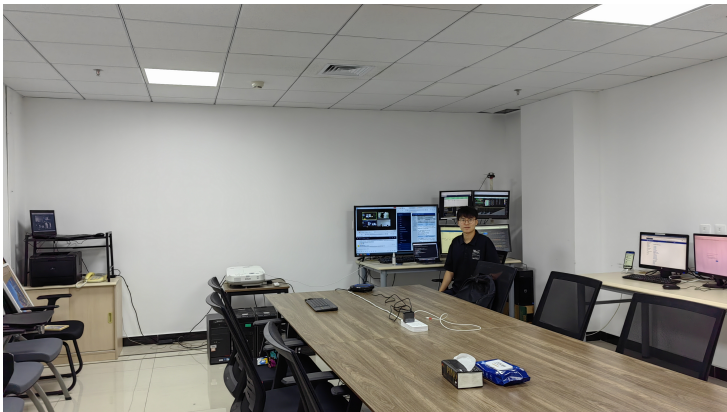

system	item	num	Type	status	comment
ROC	Room	1		good	38.82 m ²
	workspace	2		good	to be upgraded in Dec. 2023

Operation	PC	1	Dell	good	2023
	Monitor	4	Dell	good	to be upgraded in Dec. 2023
Training/Backup	PC	1	Dell	good	2023
	Monitor	2	AOC and HP	good	to be upgraded in Dec. 2023

Communication	PC	1	Dell optical	good	to be upgraded in Dec. 2023
	Monitor	1	Xiaomi	good	40
	Webcam	1		good	
	speaker	1		good	2023
Communication 2	Desktop	1	Lenevo	good	with ZOOM
Communication 3	phone	1		good	+86 10 8823 6988
Communication 4	CERNPhoneApp	1	Huawei	good	+41 22 76 60232

Demonstration	PC	1			to be added in Dec. 2023
Demonstration	Monitor	2			to be added in Dec. 2023

2023 Trigger Shifts at IHEP ROC

28/08/2023, trigger shift workstation, IHEP ROC

Acknowledgments for IHEP ROC Reactivation

- Zhicheng Tang
- Xuantong Zhang, and IHEP Computing Center
- Hongjuan Xu, and IHEP EPC secretaries
- CMS Secretariat
- CMS Management
- CMS Engagement Office
- CMS Run Coordination
- CMS Trigger Coordination
- CMS ROC Managers
- CMS PPD DQM DC Coordination
- CMS Shifters
- CMS China Institutes
- CERN Service Desk
- CMS IHEP Group

Outline

Introduction

Reactivating IHEP ROC

Person-powers and Facilities

Outlook

Outlook

- Certificated as an official CMS ROC for Trigger Shift.
- DQM shift workspace in the same room might be added in the coming years.
- At least 50 shifts per year at IHEP ROC.
- We are looking forward to hosting CMS shifts at IHEP ROC.

Thanks for your attention!
