

# The 2023 Shanghai Symposium on Particle Physics and Cosmology: Phase Transitions, Gravitational Waves, and Colliders (SPCS 2023)

Sunday, 24 September 2023

Sunday 1 - Tsung-Dao Lee Institute/S5F-S500 - Lecture Hall (08:30 - 10:00)

-Conveners: Yaquan Fang

time	[id] title	presenter
08:30	[7] Collider tests of nanohertz gravitational waves from minimal dark phase transition	LI, Shaoping
09:00	[23] Have pulsar timing array methods detected a cosmological phase transition?	Prof. MARCIANO, Antonino
09:30	[25] Detecting High-Frequency Gravitational Waves with Astronomical Tools	LIU, Tao
