

The 8th Shanghai Symposium on Particle Physics and Cosmology: Cosmic
Neutrinos, Multi-messengers and Innovative Detectors

Contribution ID: 45

Type: **not specified**

Development of the Trident Phase One Project: An Ocean Engineering Perspective

Tuesday, 12 November 2024 11:30 (30 minutes)

Development of the Trident Phase One Project: An Ocean Engineering Perspective

Primary author: TIAN, Xinliang (Shanghai Jiao Tong University)

Presenter: TIAN, Xinliang (Shanghai Jiao Tong University)

Session Classification: Detector R&D, instrumentation & deployment (Deep-water telescope technologies)
