

12th International Workshop on Charm Physics (CHARM 2025)

Tuesday, 13 May 2025

Parallel II: A - Tsung-Dao Lee Institute/S5F-S500 - Lecture Hall (16:15 - 18:10)

-Conveners: Hailong Ma

time	[id] title	presenter
16:15	[19] Search for rare decays and new physics at BESIII	LIU, Xueyin
16:35	[78] Precision measurement of the branching fraction for the decay $\psi(2S) \rightarrow \tau^+ \tau^-$ at BESIII	张/ZHANG, 丙新/Bingxin
16:55	[75] CP violation in Charmed Baryon Decays	XU, Fanrong
17:15	[33] Polarization studies in the decays of $D \rightarrow VV$ at BESIII	ZENG, Xn
17:35	[116] Full angular analysis of CPV in four-body decays of heavy hadrons	Prof. ZHANG (张) , Zhen-Hua (振华)
17:55	[107] Multibody decays of heavy hadrons	HUANG, fei
