

# 3rd Topics of Particle, Astro and Cosmo Frontiers (TOPAC 2025)

## Sunday, 8 June 2025

Parallel Session 3a: Dark Matter – 3楼1号会议室 Meeting Room 1, 3rd Floor (14:00 – 15:35)

-Conveners: Wei Su

time	[id] title	presenter
14:00	[36] Recent Results from the XENONnT Dark Matter Experiment	YE, Jingqiang
14:20	[16] Neutrino mass and flavor mixing via eclectic flavor groups	LI, Cai-Chang
14:40	[38] Decoding Dark Matter Particle Properties via Synergistic Multi-Experiment Strategies	LU, Chih-Ting
15:00	[39] Unified Interpretation of Muon g-2 Anomaly, 95 GeV Excesses and Dark Matter in SUSY Models	LIAN, Jingwei
15:20	[40] Examining the Timing Signal and Its Synergy with Polarization Signals of Ultralight Axion-Like Dark Matter	LI, Ximeng
