

Higgs Potential 2025: Exploring Symmetry Breaking in Particle Physics and the Early Universe

Saturday, 20 December 2025

Higgs & related indirect BSM 6 (10:30 - 12:30)

-Conveners: Jian Wang

time	[id]	title	presenter
10:30	[64]	Constructive Massive Amplitudes In light of Electroweak Symmetry Breaking	YU, Jiang-Hao
11:00	[12]	Frontier of Multi-loop Feynman Integrals and Scattering Amplitudes	ZHANG, Yang
11:30	[43]	Precision Frontier of the Higgs Boson with NNLOJET	CHEN, Xuan
12:00	[19]	Winner take all qT slicing with multiple jets and hadrons	SHAO, Dingyu
