

Higgs Potential 2025: Exploring Symmetry Breaking in Particle Physics and the Early Universe

Saturday, 20 December 2025

Special Session of Strongly Coupled Theory (13:45 - 15:45)

-Conveners: Zhi-Wei Wang

time	[id]	title	presenter
13:45	[52]	Searching for the CEP of QCD Phase Transition	刘, 玉鑫
14:15	[54]	Mapping the QCD Phase Diagram: Insights from Lattice QCD	DING, Heng-Tong
14:45	[53]	QCD cosmology: GWs and primordial quark star	HUANG, Mei
15:15	[66]	Confining dark gauge sectors, glueball axion-like particles and Yang-Mills Cosmology	PASECHNIK, Roman
