

NuFact 2026 - The 27th International Workshop on Neutrinos from Accelerators

Tuesday, September 1, 2026

WG1+WG5 — Anomalies, Steriles & Non-Standard Interactions (2:00 PM - 3:40 PM)

time	[id]	title	presenter
2:00 PM	[79]	Investigations of the MiniBooNE anomaly and sterile neutrino search with MicroBooNE	CARATELLI, David
2:25 PM	[43]	Results from the stage one of the DANSS experiment	MASHIN, Nikita
2:50 PM	[9]	What oscillations can't see: probing NSI with neutral currents channels in accelerators	PINHEIRO, Joao Paulo
3:15 PM	[27]	Constraints on non-standard neutrino interactions from Borexino extended data-set	孙, 光豹
