

NuFact 2026 - The 27th International Workshop on Neutrinos from Accelerators

Tuesday, September 1, 2026

WG2 — Interaction Theory & Event Generators (2:00 PM - 3:40 PM)

time	[id]	title	presenter
2:00 PM	[64]	Beyond the Inclusive Picture for Multinucleon Knockout in Neutrino-Nucleus Scattering	NIEWCZAS, Kajetan
2:25 PM	[26]	Duality and Nuclear Medium Effects in Weak Structure Functions at Low Q^2	SINGH, Alka
2:50 PM	[81]	Improved RDWIA CCQE Interaction Modelling with the ED-RMF Nuclear Potential in NEUT	MCKEAN, Jake
3:15 PM	[96]	Radiative corrections in neutral-current (anti)neutrino-nucleon elastic scattering at GeV energies	CHEN, Yi
