

NuFact 2026 - The 27th International Workshop on Neutrinos from Accelerators

Tuesday, September 1, 2026

WG1+WG2 — Interactions for Precision Oscillation Measurements (4:10 PM - 5:50 PM)

time	[id]	title	presenter
4:10 PM	M14	How Robust Is the δ_{CP} Measurement?	PINHEIRO, Joao Paulo
4:35 PM	M55	Precise Measurement of δ at Accelerator Experiments Using Only Neutrino Sector	CIUFFOLI, Emilio
5:00 PM	M10	Radiative corrections to inverse beta decay at low energies	TOMALAK, Sasha
5:25 PM	M103	Reconstruction and selection of charged-current electron neutrino interactions at ICARUS	TRIOZZI, Riccardo
